

## More And More.

© Michael Maxwell SOCAN

Don't need somebody else to tell me what to say.  
Don't need to show myself to you another day.

But if I had someone beside me all the time,  
I'd never need you, now and then, to change your mind.

*Chorus:*

All day long you gotta give me,  
More and more of your sweet lovin'  
Cuz I know your heart won't stay in place too long.  
Don't keep me hanging on.

*Bridge:*

You don't care 'bout those things I do for you.  
Can't you feel my love for you come shining through?  
I told you it was true.  
I know you love me, too.  
Before the feeling fades you gotta tell me baby,  
What's in store?  
You gotta give me more and more.

*(Guitar solo)*

*Chorus:*

All day long you gotta give me,  
More and more of your sweet lovin'  
Cuz I know your heart won't stay in place too long.  
Don't keep me hanging on.  
All day long you gotta give me,  
More and more of your sweet lovin'  
Cuz I know your heart won't stay in place too long.  
Don't keep me han-an-anging on.
