

It's A Wonderful Life.

© James Malcolm - SOCAN

I was thrown into life accidentally.
Didn't care what I had, what was gonna be.
As long as there was today, I was content.

Never knew to share a part of me.
But there was you, like a dare in front of me.
No one ever got ahead of me, ahead of me - never.

Would you like a dream tonight, and hear somebody say?
"I love you."
Make you turn in all directions.
You wake up and find it's true, might have something to share.

Chorus:

It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.
It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.

(Guitar solo)

Chorus:

It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.
It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.

It was coming, I had to notice you,
In the things that my heart was going through.
And I don't have to look back or look inside.

Would you like a dream tonight, and hear somebody say?
"I love you."
Make you turn in all directions.
You wake up and find it's true, might have something to share.

Chorus:

It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.
It's a wonderful life, if you can get it.
It's a wonderful life, if it's yours.
Ooo-ooo-ooo, Ooo-ooo, Ooo-ooo...

(repeat Chorus and fade...)
